

To all neighbors

## Notice of Geological Survey

We hope that you are doing well.

We would like to inform you in advance that a geological survey will be conducted as described below.

We may cause some inconvenience and trouble during the work, such as noise, vehicular traffic, etc., but all of the persons concerned will make every effort to give sufficient consideration to the safety of work and to finish the work at an early date. Thank you very much for your understanding and cooperation.

With regard to the survey location and work descriptions, please see the back.

### Inscription
