

A symphony OF KNOWLEDGE

September 27, 2008
'Het Godshuis'
Sint-Laureins, Belgium

Mark this date in your diary—September 27th, 2008—for the 9th PMI Benelux Day!

In an era of rapid change, project managers are in constant search of cutting-edge techniques that are part of the latest trends and developments in project management. The complexity and required competencies that underpin these modern project management techniques remain easily captured by the PMBOK® Guide's 9 Knowledge Areas.

For the 9th PMI Benelux Day a totally new approach in format will provide participants with a wider choice of activities; shorter sessions, tips and tricks, longer interactive sessions as well as master classes through which key topics within the 9 Knowledge Areas will be highlighted in a relaxed atmosphere. This year's theme, 'A Symphony of Knowledge' promises to be a real crowd pleaser!

Why attend?

- **The conference:** The most up-to-date project management topics in the 9 Knowledge Areas explored by key experts, ensuring the best quality learning experience.
- **The exhibit area:** Meet companies and organisations showcasing project management products and services, attend live demonstrations and get quick, meaningful answers to your questions
- **The networking:** In parallel to the main agenda, the 9th PMI Benelux Day is the place to gather innovative ideas and share best practices. There will be ample networking opportunities to provide an added value that goes well beyond the official programme.

You can join us as a presenter, sponsor or volunteer!

September 27th - Het Godshuis - Leemweg 11 - B-9980 Sint-Laureins

Microsoft

Why be a presenter?

- Widen your exposure in the Benelux project management community
- Promote your own or your organisation's approach or experience within a specific Knowledge Area of project management
- Share personal insights and experience
- Gain valuable and immediate feedback from fellow project managers on a particular idea

[Join our team of Presenters](#)

Why be a sponsor?

- Enhance your brand awareness throughout the Benelux region
- Showcase your project management products and services
- Meet decision makers and other contacts who can build lasting partnerships
- Demonstrate featured products and services at open podium sessions during the event day

[Join our team of Sponsors!](#)

Why help organise this event?

- Share your particular project management talents
- Broaden your personal network by working closely with project management colleagues in the Benelux
- Earn extra PDU's
- Contribute to making the 9th Benelux Day a tremendous success!
