Hey Austin,

How do you like your original birthday card? I did it all by myself on Rich's computer (it's way cool!) I can really play w/ it for hours.

I talked to Lilia the other day. She said you totally buzzed your head. She also told me about this place in the Union where you can check out music and listen to it in a cubicle. It sounds cool 'cuz you can check out ~~DEPECHE MODE~~ or ECHO AND THE BUNNYMEN!

Well, I hope you have fun on your b-day!

Love,
Brigitte

Can you ask mom to put
my 2 pay checks into my
checking account? Tell her to
call or write me about it! THANK
